World's Largest Go-Go Opens Tonight at GGF Here

Confident he would last night receive the blessings of the Planning and Zoning commission, Manager Jack Yanoff plans the grand opening of the world's largest Go-Go in the clubhouse of Golden Gate Fields tonight.

Featuring free parking for 10,000 cars, live music, seating for 700 and dancing for 300, continuous entertainment, dinners, snacks and bar service plus facilities for club meetings and private parties in the Turf Club, Golden Gate A Go Go will be open six nights weekly from 7 p.m. to 2 a.m. It will be closed Mondays.

To begin with, the club will feature Go Go and Top 40 type entertainment, but within a few weeks, it will be half smooth swing bands and half Go Go.

Judy Mac, the girl who originated the swim and who is billed as the World's Greatest Go Go Dancer, will entertain at the club with her Go Go Girls. Bands for the opening nights will be The

Turtles, a six-man top recording ensemble, alternating with John Paul Jones and the Buccaneers.

There will be two dance floors, Yanoff said. The old circular bar has been transformed into an elevated dance floor with room for 100 persons. Another in front of the bandstand has space for 200 dancers. A new sound system has been installed.

Yanoff said he sincerely hopes the people of the Albany area will support this new venture. He said entrance will be through the Gilman Street cutoff.

Price Speaker For AHS PTA

Principal Harry Price will address members of the Albany High school PTA at the first meeting at 7:30 tomorrow night on the AHS Accreditation Report. The meeting will be held in the cafeteria or Portable 2, according to Program Chairman Mae Brandt.

Cheri read her winning essay, which has been entered in the statewide competition. If she wins, she and her parents will be given an all-expense paid trip to Los Angeles and the California Real Estate association convention next week.

ALBANY AND EL CERRITO mayors participated in ribbon-cutting ceremonies for the beautiful new El Cerrito branch of the Wells Fargo bank last Saturday. Above, Albany Mayor Lewis Howell holds the ribbon while El Cerrito Mayor Gordon Langlois wields the big shears. Neil S. Fitch, manager of the new branch, is at left and Byro Lewis, Contra Costa county district manager, is second from left. A large crowd watched the honor guests ride up in a stagecoach and open the new bank, although it officially opened for business Sept. 20. Hundreds of visitors attended the open house, which featured refreshments, free gifts, a tour of the bank and a display of old pictures of El Cerrito in early days.

Planning and Zoning Sets Sept. 28 to Decide On Rezoning Cornell Area

At the end of a two hour and 20 minute session Sept. 14, beleaguered members of the Planning and Zoning commission set Tuesday, Sept. 28, as the date to attempt to reach a decision on the controversial rezoning of the Cornell school area.

Commissioners have tried for several years to come up with a compromise rezoning which would satisfy residents of the area who strenuously object to anything beyond duplexes and builders who say they cannot afford to tear down a house and replace it with a duplex.

A permit for a triplex in the area was recently granted by the commission and upheld by the council.

Many residents spoke pro and con, a petition with about 295 signatures asked for only one or two family residences and a letter supported that request.

Chairman Carl J. MacWilliams said the commission is not trying

Will A-Go-Go Go?

Council Discusses Many Matters in Brief Session

Among matters discussed in a 55-minute Albany City Council session Monday night was the Golden Gate A-Go-Go at the race track, which has issued invitations for a grand opening tonight and was to have made its request for a use permit last night at a special Planning and Zoning meeting.

Councilman Joel Parker, Jr., reading his invitation to the opening, said he thought it was a "little presumptuous" to issue invitations before the granting of the required use permit.

Councilman Joe Egenberger said it displayed the positive attitude of the new business and shows confidence and reasonable hope that permission will be granted.

Councilman George Hein said that in his opinion it will not be a violation of any rules or regulations, is a legitimate operation, will not be an after-hours club and conforms in every way to any well-operated business.

Councilman Richard Clark said he had attended the meeting of the Planning and Zoning commission last Tuesday night and would attend the meeting at night when the matter was to have been considered. He said he could not understand why the operators were keeping the city "in the dark," adding he thinks it is an imposition on the city, "but it is a business and probably trying to do the best it can."

He said the Planning commission originally postponed action until Sept. 28 because there was no representative of the business present to answer questions, but set a special session when it was discovered the opening was planned for tonight.

Hein said he couldn't think of one basis on which the club could be stopped.

Mayor Lewis Howell said the problem was that the operators did not know they had to appear in person before the Planning commission. "I think it should be spelled out if it is necessary to appear in person."

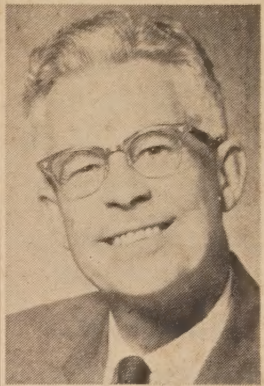

He said the planning commission questioned the provisions for extra guards and in his opinion, this was getting into police powers.

Mayor Howell said Golden Gate Fields has been a commercial recreation center for years.

"When it comes to noise, I don't know who they're going to bother down there," he said.

Lions Annual Life-A-Thon Schedules Albany Turn On

Headquarters of Albany Lions was a beehive of activity the past week as preparations moved forward for the club's annual Life-A-Thon.

The city-wide door-to-door light bulb sale is staged each fall providing every Albany resident the opportunity to replenish their depleted household lamp bulbs before the long dark winter evenings ahead.

Lamps sold by the Lions are of high grade standard brand. Prices remain the same as your favorite store or supermarket.

Lion William Potts, chairman of the project, states that beginning Monday evening, Oct. 4, several sales teams composed of club members will call on each household, offering all standard kinds and sizes of light bulbs used in the home. If special sizes or kinds are required a special prompt service will be available at no extra cost.

The chairman also noted that

all profits from this annual fund raising project will be used to finance the club's many activities and projects throughout 1965-66.

A few of the Lions fields of work are: twelve month sight conservation program with rehabilitation work for the blind; furnishes hospital beds, wheel chairs, crutches, etc., to distressed and needy; supports CARE program; supplies Christmas baskets for needy in our community.

They sponsor the following activities: only complete team of Albany Little League; banquet for varsity football team, Albany High school; theater party for

SPEAKING OF THAT, Joe

means "not sufficient funds" in
bank vernacular. (Joe was there
as vice president of the Albany

TALKED TO a person who
may be the world's saddest man
the other evening. A third gen-
eration Albanyite (Albanian?),
his ambition was to own one of
our MacGregor homes and live
here forever. He finally achieved

the first part of his ambition—
bought a MacGregor on Masonic.
After a happy and fulfilled two
years, he got his notice from
Rapid Transit. He couldn't find
a comparable home to buy in Al-
bany, so he invested in income
property in a neighboring city.
His dream home is dust, his chil-
dren can't attend Albany schools,
and he's utterly miserable.

ALBANY'S FAMOUS perform-

Albany Chairmen Named By United Crusade

The preventive role of volunteer health, welfare, youth and planning services will be the message which Albany volunteers bring to the community as the 1965 United Crusade campaign opens Monday, Sept. 27.

Rallying behind the theme "One Gift Works Many Wonders — Give Your Fair Share," these volunteers will emphasize the service work of the 172 agencies supported by the United Bay Area Crusade.

They will point out that these agencies work primarily with children, youth, troubled families, and physically and emotionally handicapped persons. "United Crusade agencies are in the key position of prevention, by counseling, by research, by recreation and guidance, and by giving health care at part-pay clinics or at home," says Roy A. LeBaron, Alameda County campaign chairman for the Crusade.

"Their many ounces of prevention save many pounds of costly cures. They hold families together and give new hope to young and old... all at a fraction of what we pay for institutional care and social disorder."

In Albany, local people have accepted key positions in the Crusade drive. Many others are serving as solicitors in the five-county campaign, which aims to raise \$15,155,885 by October 15.

Milton D. Gordon, principal of Cornell school, is heading the Albany public schools section. Serving as the Women's Division chairman is Mrs. Gunhilde Osborn while Mrs. R. E. Erickson is chairman of the Kensington Women's Division.

French Co-op Week September 20-26

The sights and sounds of France promise an authentic Gallic atmosphere for special events scheduled during French Co-op Week September 20-26 in Berkeley.

A colorful sidewalk cafe and strolling flower sellers will provide a festive background at the Berkeley Consumers Cooperative at 1414 University Ave.

Parking lot lanes will become such famous French boulevards as Champs Elysees and the rue de la Paix. Grocery signs in French, and posters reminiscent of kiosks found on Parisian street corners, will add to the international flavor.

French coffee, croissants and pastries will be sold September 23-26 at the outdoor cafe designed by Berkeley artist Glenn Myles. Visitors may browse among sidewalk bookstalls and they will be entertained by local folksinging groups.

On Sept. 24, Air France will fly in loaves of bread baked the same morning in Paris. Because of an eight hour time difference, the bread placed aboard an airliner at 7 a.m. will arrive by noon Berkeley time.

The Lions would like their neighbors to join with them in these endeavors. They can suggest no better way than a small purchase of a necessary household item when the Albany Lion rings their doorbell.

American Field Service Students Honored at Party

Suntorn Siyarnnork and Michael Gleason were honored at reception Friday evening, Sept. 24, at the home of Mr. and Mrs. C. E. Fletcher on Gateview Avenue. Suntorn comes from Bangkok, Thailand, and will attend Albany High school for the coming year. Michael Gleason, son of Dr. and Mrs. Richard Gleason, spent the summer in Finland in the home of Mr. and Mrs. Konrad Lindberg. According to Mike the Lindbergs were a very hospitable family, and since Finland is a land of lakes and waterways, Mike spent a great deal of time sailing. Suntorn has a special interest in political science and will be taking U.S. history and American government courses at Albany High school. He is especially anxious to get a good background in the development of our American democracy and the way our democratic government functions.

Attending the reception were: Charles Pinkham, president, Albany Board of Education; Mr. and Mrs. Wm. Dennis, PTA President, MacGregor school; Mr. and Mrs. Eldon Wolf, PTA president, Marin school; Kenneth M. Forry, superintendent of Albany city schools; as well as members of the Albany American Field Service chapter which included Mr. and Mrs. Arneson, Mrs. Paul Calderhead, Mr. and Mrs. Lee Keck, Mr. and Mrs. Edmund J. White, Mr. and Mrs. Jack Murrow, Robert Kleinhammer, Mr. and Mrs. Michael Sylvester, Walter W. Ingenthron, Mr. and Mrs. Grafton Geering, Mr. and Mrs. Wm. G. Woolworth and Miss Judy Stocking. Representing Albany High school were Mr. and Mrs. Lawrence Hughes. Hughes is a teacher of United States history at Albany High school and teacher advisor to the students of the Albany High school American Field Service club.

The American Field Service program was started in Albany in 1956. Since that time 10 students from foreign countries

have attended Albany High school and lived in homes of Albany residents. On a reciprocal basis 10 Albany High school students have had the opportunity to live in homes in foreign countries and in many cases attend high school. The basic purpose of the American Field Service program is to develop better understanding among peoples, by living with one another. The program is a non-profit one with funds for scholarships being raised by both the local adult American Field Service Committee and the Albany High School American Field Service club.

Anyone wishing information may contact Committee Chairman Walt Corvello at 524-0187 or Cubmaster Frank Willhite, 525-8798.

BART Schedules Rapid Transit Car Exhibit at El Cerrito Plaza

The Bay Area's new rapid transit car will be on public display at El Cerrito Plaza during October, B. R. Stokes, general manager of the Bay Area Rapid Transit District, announced today.

The prototype car, expected to establish a national trend in rapid transit vehicle design, is presently on display at Diablo test track in Concord. It will be shown for a week at each of the following locations: Oakland City Hall Plaza, 14th and Broadway, Sept. 23 (Thursday) through Sept. 29; Southland Shopping Center, Hayward, October 1 (Friday) through Oct. 6; El Cerrito Plaza, Oct. 8 (Friday) through Oct. 12; Union Square, San Francisco, Oct. 14 (Thursday) through Oct. 24.

Viewing hours will be from 10 a.m. to 8 p.m. A brief ceremony will be held at noon on the day of the car's arrival at each new site. A BART community relations officer will be on hand to answer questions about the car and the Bay Area's rapid transit system now under construction.

The car is being moved to the four central locations along each of the rapid transit lines, Stokes said, to give all residents of the District an opportunity to conveniently inspect and evaluate the vehicle that will soon be carrying Bay Area passengers. The first line is scheduled to begin operation between Richmond and Hayward in 1968, the trans-bay line between Concord and Daly City in 1969. The system will be completed by 1971.

BART engineers will consider public reactions to the design car before drawing up bid specifications for the final vehicles.

The BART car is designed to provide Bay Area residents with a means of interurban travel that is faster, safer, more comfortable and more convenient than driving a private automobile, especially during peak rush hours, Stokes said. Styled to meet the desires of the most particular passenger, the car includes such features as wide upholstered seats, air comfort controls to keep temperatures comfortably uniform, large picture windows to permit panoramic views, non-glare lighting that is easy to read by, and relaxing interior colors.

One very important rule of the fire service is pre-planning. This very rule should apply to the householder with regard to fire safety and the protection of his family in the event of an emergency. The householder should prepare himself before the emergency arises and prepare to cope with the situation intelligently. Many persons trapped, have managed to save their lives because they understood what to do in case of fire.

A good pre-plan of escape from the home in case of fire is something that should be practiced by all. Periodic drills by the family will familiarize every one with what to do and how to do it properly.

The Fire Department suggests a few rules for you and what you should do. First figure out two possible routes to the ground from every room in the house, especially the bedrooms. Hold actual fire drills, until every member of the family knows just what to do. Learn the location of the fire alarm box nearest your home. Post the telephone number of the fire department near your phone. Remember this important rule—it can save your life: If you smell smoke, do not rush out into the hallway.

First, make this important test. Place the palm of your hand against the door. If the door feels hot, that hallway is already filled with deadly heated gases. Keep the door closed! Use another escape route, or wait at a window for rescue. Arouse people by shouting. If there's a telephone in the room, use it to call the fire department immediately.

If the door does not feel hot, open it slightly, bracing it with your foot and turning your head away. Pass your hand across the opening. If the air seems cool, it should be safe to enter the hall.

After making certain that everyone is safely out, call the fire department before attempting to put the fire out. Concentrate on getting the fire engines there in a hurry because little fires become big fires within a matter of minutes. Close doors behind you as you leave the house.

These few simple rules may save your life.

BASIC TRAINING

Seaman Recruit Fred M. Conklin, USN, son of Mr. and Mrs. Leonard L. Conklin of 514 Masonic Ave., Albany, has begun nine weeks of Navy basic training at the U.S. Naval Training Center, San Diego.

Letters

Editor, the Times:

I thank the members of the Albany Homeowners and Taxpayers Association for their cooperation and kindness in my reign as secretary to the Association.

Thank you,
JUDITH CABRAL
977 Cornell Avenue

Editor, the Times:

I would like to answer the letter of W. L. Crowe, that was published in a recent edition of your paper. Mr. Crowe stated that he did not like Berkeley residents telling our Council what or what not to do. I believe that the people in Berkeley who signed the letter which appeared in the

Berkeley Gazette were only voicing their opinions on library general and the reading materials they contain. After all, even Berkeley residents are permitted to use the Albany Library, just as we who live in Albany are permitted to take books out of the Berkeley Libraries. This is still a free country, and other people are entitled to voice their opinions, just as you are, Mr. Crowe.

As to you commending Mayor Howell on his stand against the Lucky 13, Mayor Howell has repeatedly stated that he never was against the Lucky 13, and only called the special meeting, which he, unfortunately, was unable to attend, to clear up any problems—real or imaginary—in connection with that club. When the meeting was over and the Lucky 13 was proven innocent of any wrongdoing, I expected that to be the last time anyone would try to prove that the club was anything but a well-run Albany business establishment.

Chief Jensen merely did his duty and presented the facts as they appeared in the police reports—would you have had him do otherwise? Most of the criticism of the Lucky 13 has come from people who have never been there. Have you ever been in the Lucky 13 Mr. Crowe?

Editor, the Times:
I would like to express my sincere thanks to all those who helped during my term as president of the Women's Auxiliary of the Albany Little League. Special thanks go to officers: Mrs. Bob Luoma, vice president and publicity; Mrs. Al Klob, secretary-treasurer; and Mrs. Gene Hellwig, financial secretary, whose help I could not have done without.

An extra thank you to Albany Little League President Del Wisenor, and to those women who helped in the snack booth during opening day, the All-Star game, and at the Art Festival and Merchants' Bazaar.

A meeting will be held in February, 1966, to plan for the 1966 season and to reacquaint each other with the aims of Little League. It was very gratifying

to work with such an enthusiastic group of parents as is found in Albany Little League.

Atom Program For Area SIRs

The world's largest "atom smasher" is nearing completion. Its purpose is to enable scientists to "see" the protons and electrons, the smallest particles of matter, and to create new particles.

The story of this important scientific research tool will be told to East Bay Branch, Sons in Retirement at their luncheon meeting Sept. 22, 1965. Douglas Dupen of the Stanford Linear Accelerator Center will be speaker at Spenglers Fish & Berkeley.

Stanford's two-mile linear accelerator, the most powerful scheduled for completion together with University of California's Lawrence Radiation Laboratory, the Stanford Linear Accelerator will greatly increase man's research capabilities. Sons in Retirement is a California organization of executives and professionals. Its 3,300 members, in 14 branches are devoted to the "Independence and dignity of retirement." Bay Branch was established years ago and is presently led by "Big Sir" Frank Sp

Senior All-Stars Have Banquet

A surprise banquet was given for the manager and coach of Albany's Little League Senior Division All-Star team on Sept. 11, at Louie's in El Cerrito.

Paul Inserra contacted all the parents and their sons, who played on the team, to assemble for the occasion, and Elmer Holm and Al Klobas were completely overwhelmed when they entered the dining room.

A baseball that each boy had signed, and a commemorative plaque was presented to the two men, in recognition of the time and effort they put forth to bring Albany a winning team.

HIGH WINDS

The high winds which fanned raging fires in much of Northern California last week caused some damage in the Albany area Thursday night. Police report a tree felled at 804 Pomoa Ave., a piece of fiberglass on the roof of Flowerland flapping in the wind, and a piece of plywood blown from a new building on Kains and into the side of a parked vehicle. The fire department reported a wire down at 712 Curtis. Firemen rolled it up and notified PG&E. Power was reportedly off in the 800 block of Ramona and in the Colusa Circle area Friday morning.

Berkeley-Albany PTA Council To Hold School of Information

The Berkeley-Albany PTA Council will present a PTA School of Information on Monday, September 27, at the Northbrae Community Church, Los Angeles and The Alameda.

The chairman of the day, Mrs. Lenore H. Richardson, first vice president for the Council, has extended an invitation to all incoming PTA officers and chairmen from Berkeley and Albany.

Registration for the day will begin in the lobby at 9:30 a.m. At the general meeting, beginning at 10 a.m., Dr. Peter Len-

row, assistant professor of psychology at the University of California, will present a subject that should be of interest to all.

In recent years psychologists have begun to explore how they might be useful to teachers and parents by solving problems which arise for children in the school setting. The essential idea is to be of use when the problems first arise and can be handled with a little help, rather than waiting until a crisis occurs. Dr. Lenrow wishes to explore what interests and needs there may be in this community for his and other U.C. staff members' skills in helping teachers, students and parents get the most of the school experience.

Dr. Lenrow will talk on similar experiments in other communities and then open the floor to ideas and questions about what this kind of help could mean to area schools. PTA members will be in on the beginnings of what may become an exciting new approach to education.

Mrs. Robert Kleinhammer, State PTA Director of Parent and Family Life Education, will give a short talk about the value of PTA to a community.

Following the general session, members will break into the information workshops until noon. Well informed people will be on hand to make suggestions and answer questions about all categories of PTA work.

At 12:15 those who wish to remain for lunch will be joined by the principals of the various schools and by representatives from the school administration. Dr. Laurence Cross will give the invocation at the luncheon.

For luncheon reservations, at \$2.25 per person, please send check and a self-addressed stamped envelope to Mrs. Robert Petersen, 910 Ventura Ave., Albany, by Thursday, Sept. 23. Make checks payable to Berkeley-Albany Council PTA.

SIXTY PER CENT COMPLETED — New city buildings are nearing completion every day. They were 60 per cent complete when this photo, looking east with the fire department complex in the foreground, was taken Sept. 18. Workmen are starting to lay the roof on top of the plywood, working on the ventilation system and doing framing in the fire department. According to Administrative Officer James B. Turner, the new offices should be ready for occupancy in December. —Albany Fire Department Photo.

Albany Pre-School Plans Open House on Sunday

An open house will be held Sunday, Sept. 26, at the Albany Pre-School, 850 Masonic Avenue, Albany.

Invitations have been issued to past presidents of the Pre-School Mothers Club, city officials, and the general public is cordially invited to attend, to view the facilities and enjoy the refreshments.

The school was organized as a Works Progress Administration project, but became a cooperative unit in 1942 when WPA funds were withdrawn. The City of Albany Recreation Department moved to provide funds for the continuance of this worthy project, and the school has enjoyed city sponsorship since that time.

The city pays a portion of the Director's salary, and the mothers of the attending children contribute the remainder of her salary, pay the assistant director, and maintain the equipment, as well as purchase new equipment as required.

Parents are required to contribute six hours per family each summer at the annual "work week." During this week, all equipment is thoroughly rejuvenated, painted, and all repairs to the equipment and building are completed.

Mothers of the attending children are required to complete a 12-week course in Child Development, under the Adult Education Program, participate by working

one day every two weeks at the Pre-School with the children.

Sessions are held daily, five days per week, from 9 a.m. until noon for two and three year olds, and from 1:30 to 4:30 p.m. for the four and five year olds. The enrollment is 65 children, and there is usually a waiting list of children waiting for admittance.

Mrs. Neil Curran, Director, has been with the school since 1939,

and has recently been feted by the Pre-School Mothers' Club with a 25th anniversary cake, and surprise celebration. She has had several assistant directors during these 25 years and the present assistant director is Mrs. Hazel Minnogie, who has been at the Pre-School one year. Present officers of the Mothers' Club are Angel Wright, president; Lalla Conlin, vice president; Barbara
